Aurora, IL

GPA: 3.445/ 4.0

Career Objective

My career objective is to secure a dynamic role in UX/UI, leveraging my creative and technical skills to drive design innovation and solve complex problems. With proficiency in layout design, illustration, wireframing, and prototyping, I aim to contribute to user-centric experiences that enhance product usability. Dedicated to continuous learning, I'm positioned to adapt and thrive in the evolving landscape of UX/UI design, ultimately crafting intuitive interfaces that drive business success.
